February News Letter

Dear Families,

During the month of February, we will be learning the color pink and the shape heart. We are learning the letters Ee, Ff, Gg, & Hh. Children will learn the difference between upper and lowercase letter forms and the sound that each letter makes. Our word wall includes Valentines Day and dental hygiene vocabulary.

February is Black History. We will be learning about famous people such as Sarah "Madame C.J." Walker (inventor of the pressing comb), Jackie Robinson (the first black baseball player), George Washington Carver (inventor of peanut butter) and Granville T. Woods (inventor of air brakes, steam boilers and the telegram system).

February is also dental hygiene month. Our dramatic play area has been transformed into a dentists office. We have lots of dental props and toys that children can use as they act out a visit to the dentist. Please remember how important it is that your child brush their teeth every morning and evening and visit the dentist every 6 months!

February 6th, 2008 will be our field trip to Stew Leonard's. While at the grocery store we will learn about healthy and unhealthy foods and how to make good choices about the food we eat.

February 14th, 2008 is Valentines Day! Please remember to send your child to school wearing something pink or red. We will also be having a party after lunch to pass out valentines. Please remember to have your child write their name on each of the Valentines (20 in all).

Reminders:

- It is important that you check your child's folder EVERYDAY!!

- Please remember to watch Channel 16 or listen to WATR for school cancellations, early dismissals, and late openings!
